

Do you have patients on Armour Thyroid who will be affected by its shortage? Are your orders for Nature-Throid or WesThroid on back order?

Condo Pharmacy has Thyroid, USP powder in stock and is compounding capsules from it.

We are able to not only match the various strengths of Armour Thyroid, but can tailor each dose to the patient. No more splitting tablets or doubling up on tablets!

Each order for Thyroid Capsules will require a new prescription from the patient's prescriber.

Medicare Part D does NOT pay for compounds formulated from bulk powders, and other commercial insurance payers may follow suit.

Pricing varies with capsule strength and quantity as well as insurance coverage.

Our compounding pharmacists are available to answer any questions you might have between the hours of 10:00 and 4:00, Monday through Friday.

Call Condo Pharmacy at 563-3400 and ask for more information.
